We have a number of current agile acquisition courses already available through FAL Let me offer a few questions to help us sort through the current offerings and either make a suggestion or help resource creation on something new. It might be easiest to set a time to talk through these What is the specific need? Who is the audience, CO. P/PM, COR, industry? What are the training objectives?
W II this be scheduled all at once, or available on demand? W II this be scheduled all at once, or available on demand? Is thur staining stained to a larger training plan? Is funding available? Do you have willing subject Matter Experts, or do we need to identify? W II students earn CLP's for taking this training? And, of course, when do you need? Here's a listing of existing offerings in FAITAS FCL-A-0024 - AGILE ACQUISITIONS 101: MEANS BEHIND MAGIC (2 CLP's/Video) CL-A002 - AOILE ACQUISTIONS 101: MEANS BEHIND MAGIC (2 CLY's'/yideo)

This course features examples of where agile acquisition has been successfully implemented in the Federal Government The lessons learned, success stories, and the opportunity to question the trailblazers themselves should give everyone a great foundation to begin There is a lot of talk about Agile - but what is it, why are new procurement methods and strategies needed to successfully implement it? Agile Software Development is a mindset that requires a completely new way of thinking about an entire development process from the moment a need is identified through execution. In order to procure for these types of services is important to understand what Agile is and what it is not, what the first, are in the process and how they are mitigated, and what value success looks like Traditional procurement methods for "waterfall" software implementation slack the flexibility to take advantage of the benefits of time, schedule, and cost that gige fortware Development methods can bring to the Federal Government For this reason, the acquisition workforce needs to make its processes agile using innovative and creative solutions to procure these services while maintaining compliance with the FAR and Federal Law This course identifies several method trategies that have been and can be applied to achieve this goal FPM 423 - Agile Acquisition (16 hours/Classroom) This course is designed for the Federal acquisition workforce and addresses both Agile and Federal acquisition principles, with consideration given to existing Federal policies and processes Participants will learn acquisition planning considerations in an Agile setting and risk assessment associated with Agile acquisition Into Quelets: To extension the regular adjustance with a support of a regular adjustance of the CLE 076 - INTRODUCTION TO AGILE SOFTWARE ACQUISITION (5 CLP's/Online) Class offered through DAU No additional details provided for this course FPM 404 -INTRO TO AGILE IN THE FEDERAL GOVERNMENT (4 days/Classroom)
Agle management or agile project management is an iterative and incremental method of managing the design and build activities for engineering, information technology, and new product or service development projects in a highly flexible and interactive manner This course provides an introduction to Agile values and principles and how they are applied to Acquisition in the Federal Government The purpose of Introduction to Agile in the Federal Government to 10 provide the knowledge and best practices to apply Agile values and principles to the Enterprise Program/Project Management Model (EP/PMM) This course provides practical, hands-on Agile P/PM skills development and an Agile Toolkit that can be applied to the specific programs and projects of Federal Government acquisition. Learners will participate in interactive lectures, discussions, small group and individual activities FPM 405 Agile for the Product Owner (4 days/Classroom) FPM 405 Agile for the Product Owner (4 days/Classroom)
Agile management as an iterative and incremental method of managing the design and build activities for engineering, information technology, and new product or service development projects in a highly flexible and interactive manner This course, builds upon the foundational knowledge and concepts introduced in the first course, introduction to Agile in the Federal Government. It discusses the releast for the product Owner for projects applying the Agile values and principles in the Federal Government. It discusses the benefits of a colleant paragraph (and the project vision in this includes articulating high level goals, decomposing requirements, build be understand the project vision. This includes articulating high level goals, decomposing requirements, build be understand the project vision in the project vision. This includes articulating high level goals, decomposing requirements, build be understand the project vision with the development team through release and iteration planning to build the software product. The course continues by exploring ways to assist the Product Owner in achieving the project vision thin the Federal Government.

The source continues by exploring ways to assist the Product Owner in achieving the project vision thin the Federal Government. Coordion EEOB - 248
Description Good afternoon,
Thank you for all of your work that has almady gone into M-17-22, the Comprehensive Plan for Reforming the Federal Government and Reducing the Federal Civilian Workforce As you are aware, we expect your agency to submit a high-level draft of their Agency Reform Plan by June 30th, 2017
We are requesting a firm hold for a meeting time for July 12, from 300 PM to 4:30 PM at the Eisenhower Executive Office Building to discuss your agency's submission with the relevant CMB principals. There will be more details to follow in regards to this meeting, but please confirm with us that this time has been reserved with the Deputy Secretary and/or necessary principals from your agency.
We are looking forward to continue working together throughout this process
Best,
Led

	IT Modernization Centers of Excellence Industry Day
	When Thursday, December 14, 2017 9:00 AM - 12:00 PM
	Location
	Eisenhower Executive Office Building, South Court Auditorium, 1650 Pennsylvania Ave NW, Washington, DC 20502 Description
	Good morning everyone,
	Please join us on December 14 for an Industry Day event to learn about the new IT Modernization Centers of Excellence (CoE)
	This event will outline the vision for the new CoEs, support services requirements and provide an opportunity to hear input from industry partners that are interested in participating
	Please register with the link below
	https://events.whitehouse
	With this link you can enter the South Court Auditorium as early as 7:30 and as late as 9:30 AM. As of today, we have already reached our capacity of industry attendance. Arriving early is strongly advised
	Please do not share this link as seating is extremely limited Thanks
l	Thanks
